

D930 Broadband Isolation Transformer Specification

Transmission Method	Terminated Coupling transformer
Impedance	135R -135R 1:1 ratio
DSL Termination Connector	Incoming and outgoing RJ12 Socket Pin 3 Tip Pin 4 Ring
Power requirements	N/A Passive operation
Operating Temperature	-0°C +70°C, 95% non condensing
Dimensions	135 x 80 x 80mm
Compliant Approvals	EN60950 Safety
Electrical Isolation	20kV withstand (tested to 25kV for 60 seconds)
Audio parameters	25kHz-20MHz +0.5 to -0.5dB relative to 300kHz

Specifications subject to change without notice
